First Sunday of Lent 10th March 2019

Thought for the day

The days of spring lengthen and Lent echoes nature and invites us as well to a new spring-time of faith. As in farming and gardening, there is work to be done if new growth is to flourish or even to happen at all. We have to look back and see what has done well and what has, in effect, died off. We need to make space by clearing the ground and looking at ourselves honestly. It would be good to identify what will feed and sustain us during this journey from the ashes of Ash Wednesday to the new birth of the Easter.

Prayer

In this springtime, creator God, we watch new life appear from the dark earth after the night of winter. Help us also to grow. In us, there is darkness and night; yet we know that you can bring us once more to life. Amen.
