**Sunday Thought**

Thought for the day There is a story told about an elderly Cistercian, who on being asked what he believed at that point in his life replied, "I believe more and more in less and less"! It is not as paradoxical as it seems. As we go on, the core dimension of the faith should stand out for us. As Erasmus wrote, the essentials are few but essential.

**Prayer**

God, your love is always there ahead of us, even before we are aware of it. Help us, therefore, to love you by letting you love us first. May we love you in our neighbour in need. Amen.

**Hymns:**

Entrance	Hymn : 'Gather us In ' not in booklet
Recessional	Hymn 8 Page 8

**Church Heating :** To repair The Heating System in the traditional way means digging up the church and replacing all the old pipes with new, massive upheaval to everyone.

We are currently investigating the possibility of using a more non-invasive solution. However it will take another few days to ascertain if this approach is suitable to satisfactorily repair the damage. With winter upon us we hope and pray that a solution can be found shortly. We have installed temporary heaters throughout the Church but these have little effect considering the vastness of the area involved. We can only apologise once again for any inconvenience.
